

Kia ora,

This leaflet is to let you know about a change we are making in your neighbourhood. These changes are required by the Land Transport Rule: Setting of Speed Limits 2024. We are seeking your feedback on specific parts of the changes.

Reference	TR14-26 St Brigids School – Variable Speed Limit Scope Amendment
Location – where we propose to make the change	Phillip Street, Dr Taylor Terrace, Earp Street, Frankmoore Avenue and Wanaka Street from 8:20am-9:10am to 2:40pm-3:40pm School Days Only
What is the change	- The proposed change is to update the location of the variable speed limit signs originally approved on 28th August 2025 (TR60-25). - Since the traffic resolution was approved, council officers were made aware of a school gate that previously they did not know of. - As a result this Traffic Resolution is proposing an extension to variable speed limit zone required by the Setting speed: 2024 so that it can be implemented ensuring that all school gates are included within the variable speed limit zone. - For more details, please refer to original and amended plans included below.
What we would like your feedback on	We would like to hear your feedback on the location of the signs themselves, particularly those affected by the proposed amendments and located near your place of residence, please note however that these signs will need to be installed 150m from the school gate to be in line with Rule. If you would like to view each sign location in detail, please go to Safe speed limits outside schools - Projects - Wellington City Council.
Impact	Pedestrian/vehicle impact – Improves pedestrian safety by slowing down vehicle speed around schools during drop off and pick up times. In the event of an incident lower vehicle speed reduces the risk for the crash and the severity of injury. As a result, the outcome of the incident is likely to be less severe than if the vehicle was travelling at a higher speed.
Additional Information	An electronic copy of the report will be available on the Council’s website from 9:00am Wednesday the 14 January 2026 at https://www.letstalk.wellington.govt.nz/ and https://wellington.govt.nz/Your-Council/Projects/Safe-speed-limits-outside-schools
Privacy	- Your privacy is important to us. Please DO NOT add specific personal details to your feedback (i.e.: full name, address, etc) - What we do with your personal information: All submissions (including your first name, but not contact details) are provided in their entirety to elected members and made available to the public on our website and at our office. Personal information (including contact details) will also be used for the administration of the feedback process including informing you of the outcome of the consultation. All information collected will be held by Wellington City Council, 113 The Terrace, Wellington, with submitters having the right to access and correct personal information. - For more information regarding our Privacy Statement please check our webpage: Privacy statement - Wellington City Council.

Feedback	If you would like to provide us with specific feedback, which will be added to the Traffic Resolution following consultation and made public in full, you can do so by filling out an online submission form, downloading a printable submission form on https://www.letstalk.wellington.govt.nz/ or emailing us at trfeedback@wcc.govt.nz. Please note if you are giving feedback the period opens at 9:00am Wednesday the 14 January 2026 and finishes at 5:00pm Thursday the 29 January 2026.
Next Steps	- Feedback collated by Friday the 30 January 2026. - The proposal will go to the Te Takere Regulatory Processes Committee meeting on Wednesday the 4 March 2026. - If approved, the proposal will be installed by 1 July 2026.

Traffic Resolution Plan: TR60-25 St Brigids School – Variable speed limit (Original)

Traffic Resolution Plan: TR14-26 St Brigids School – Variable speed limit (**Amended**)

Legal Description (Retain):

Table 1: Existing speed limits for St Brigids School

Column One	Column Two	Column Three
Phillip Street	30kph 8:20am-9:10am 2:40pm-3:40pm School Days Only	Beginning 14 south its intersection with Frankmoore Avenue (Grid coordinates X= 1,751,038.861 Y= 5,435,052.888) and extending in a southerly direction following the eastern kerb line for 216 meters.
