We are proposing a change in your area

Absolutely Positively Wellington City Council
Me Heke Ki Pōneke

Kia Ora,

This is an updated version of TR26-23 reflecting the legal descriptions and changes made post consultation.

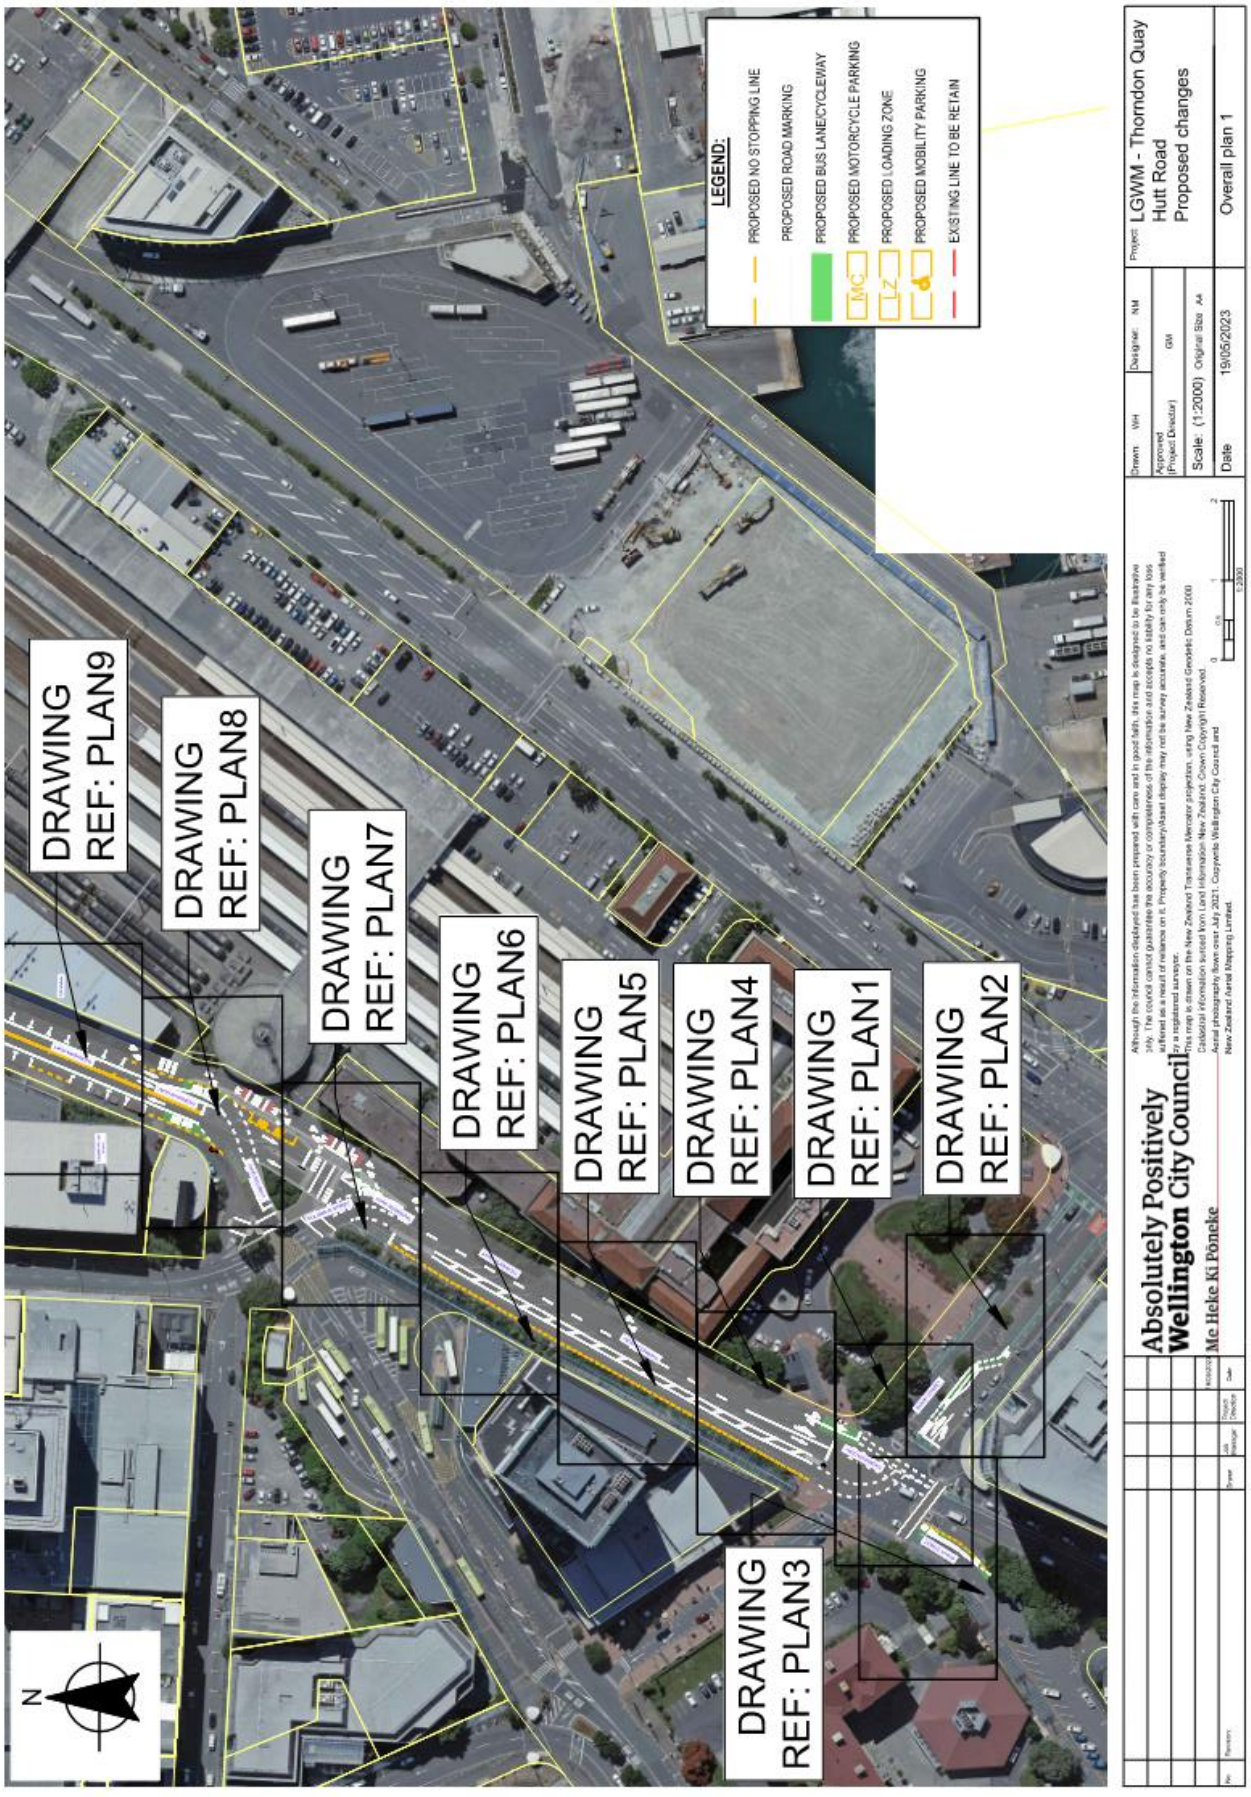

Proposal

Reference	• TR26-23 – Thorndon Quay and Hutt Road from Bunny St to the Aotea Quay Overbridge 9 at approximately 87 Hutt Road - proposed changes: • Removal of all existing line and road markings. • Addition of time-limited parking bays, class restricted parking bays, metered parking, no stopping at all times, cycle lanes, bus lanes and bus stops.
What we'd like to do	• Change the existing road corridor layout, line markings and class restricted movements along on Thorndon Quay from the intersection with Bunny Street in the South to the intersection with Hutt Road in the North as part of upgrades for Let's Get Wellington Moving (LGWM) in accordance with attached plans.
Why we are proposing the change	• LGWM as part of the Thorndon Quay Hutt Road (TQHR) project is seeking to replace the existing line and road markings to implement a more shared and safe travel corridor along Thorndon Quay. • The changes will contribute to the transformation of the city to help achieve LGWM's objectives, including but not limited to: - moving more people, more quickly and comfortably - making it easier to get to key destinations - supporting more housing and urban development - reducing the need to travel by car
Location – where we propose to make the change	• Thorndon Quay and Hutt Road from Bunny St to the Aotea Quay Overbridge 9 at approximately 87 Hutt Road.
Impact	• Improved levels of service for bus users including improved access, journey times and reliability. Provides sufficient capacity for growth in public transport. • Improved levels of service and reduces the safety risk for people walking and cycling along and across Thorndon Quay and Hutt Road. • Reduces the frequency and severity of crashes. • Improves the amenity of Thorndon Quay to support the current and future place aspirations for the corridor/area. • Maintains similar access for people and freight to the ferry terminal.
How this relates to the Wellington Towards 2040: Smart Capital	• The changes will contribute to achieving the four goals of Wellington Towards 2040: - People-centred city - Connected city - Eco-city - Dynamic central city

Additional Information	• To view the final legal description for the Traffic Resolution, an electronic copy of the report will be available on the Council's website from 9.00am Thursday 24 August 2023 at https://www.letstalk.wellington.govt.nz/ or you can call (04) 499 4444 and we will send one out to you.
Next Steps	1. The consultation period for this traffic resolution ran from 7 November 2022 and closed on 9 December 2022. 2. The proposal will go to the Koata Hātepe | Regulatory Processes Committee on Thursday 24 August 2023 where any further feedback provided will be considered.
